evident that the case will be fought ont to the bitter end.

The defense will offer the plea of self-defense, and will endeavor to show that the deceased was of a quarrelsome dispotion, and that this quarrel was brought on by himself. The prosecution will labor, of course, to show that it was a cold-blooded marder, and that Mounes deserves the extreme penalty of the law. The records of the two men will be had before the jury. Before the case is over, much of the unfortunate condition of affairs in a part of Sangamon township will be before the public.

A JURY SECURED. Last evening a jury was secured. One of the twelve is a grain merchant, one tile manufacturer and ten farmers. All live in the southwestern part of the county, and all but one are from Cerro Gordo township. State's Attorney Hughes made the opening speech, taking forty-

Another Solid Convert.

H. W. Bartholomew got another good letter from New York this morning. It comes from one of 47 converts to Repubheanism in Fulton county, N. Y., and is another convincing pointer as to how the Empire state will go in November:

Empire state will go in November:

GLOVERSYLLE, Sept. 10, '88

Mr. H. W. Barthobmete.

Or UR SH: "Voirs of the 2th first at hand. In answer say I have deserted the Democrat party on account of their free trade principles, and an stimpping the towns of Fulton county for Harrison and Morton. We have now by actual count 17 Democrats that have described fragrity and joined the Republican party, and they are conning every day. My predictions are that on the 6th day of November next the Democratic party with their Prec hade will go down into an eterhal eclipse, and Harrison and Levi P. Morton will guide the ship of state. I am to speak to hight at Mayfield and they are now writing for me. I would also to have you acknowledge the receipt of this letter.

Very Respectfully yours. A. P. Hit LEFT.

The Big Minstrels.

On Wednesday next, one night only, McNish, Ramza & Arno's minstrels will appear at the City Opera House. As a novelty in minstroly is always acceptable, a packed house may be anticipated. The company contains a number of artists The acts, songs and specialties are entirely new. This company opened in Cincumati and they made a fine impression on the press of that city according to the following unstinted praise: "When the curtain rose upon the black-faced party curtain rose upon the black-laced party artistically grouped upon the stage, the audience feit itself in the presence of refined gentlemen, and the performance which followed demonstrated that this impression was correct. It is evidently the aim of the managers to present a ball that will be bleasantly remembered bill that will be pleasantly remembered by all who see it, and in this respect they have been eminently successful. There is not a coarse or vnlgar expres-

to be successful, and herein is one of he elements of success. Disaster at Bethany.

The particulars of a distressing accilent which occurred at Bethany Sunday night at the home of Rev. Martin, reached Decatur Wednesday. The clergyman was away delivering a sermon and Miss Martin was in the house alone. She was handling a gasoline store, which set the house on fire. In trying to prevent the conflagration Miss Martin was very seri-onsly burned, and it is thought that she will not recover. The house was totally destroyed together with all its contents. The property was valued at \$2,000.

HOME COMFORT" FURNACES.

Wrought Steel, Malleable Iron, Yery Little Fuel, No Leaky Joints.

No one can say that the time was not ripe for a new furnace. The days of brittle, porous, east iron furnaces are numbered. In ever branch of manufacture cast iron is being driven out by wrought iron and steel. Every bridge that goes down in a wreck of lives and property is found to have cast iron members. Every bursting cannon which slays its friends rather than its enemies is made of east iron. Every leaky furnace which poisons a household with its noisome gases is found to be made of the same cheap, unreliable material. Improved methods of manufacture have made steel and iron plate, of first quality, less expensive than cast iron formerly was, and it is plainly in accord with progress in other directions that there should be progress both in design and the material of furnaces for warming our homes, churches and schools.
